Mission and Vision – Short Version for campaigns

The Ayiwa Danquah Memorial Foundation (ADMF) is dedicated to advancing education equity and protecting child welfare.

At ADMF we believe every child deserves the chance to rise above barriers and reach their full potential.

We work to eliminate child labor and empower our school children at the Modern International School Limited, Kumasi (MISKL), with the tools, support, and opportunities they need to thrive.

We are passionate about Raising Futures to Higher Ground — By Empowering Every MISKL Child to Rise. - “Empowering futures, one child at a time.”

Through education equity and child welfare initiatives, we’re building stronger futures for MISKL school children — one step at a time.

Give now to ADMF to help combat Child labor!

“Education for all, dignity for every child.”
